# Chetan Basawaraj Shabadi

+91 9511757256 | shabadi.chetan27@gmail.com | LinkedIn | GitHub | Solapur

## Career Objective

Aspiring AI and Data Science Engineer with hands – on experience on building Agentic AI systems and full - stack web applications. Seeking an internship to apply skills in LLM's, python and System Design.

## Education

| | |
|---|---|
| B. Tech in AI & DS, N. K. Orchid College of Engineering and Technology, Solapur | 2027 |
| 12th (HSC) – CBSE/Guru Nanak Public School, Bidar | 75% \| 2023 |
| 10th (SSC) – CBSE/Guru Nanak Public School, Bidar | 85% \| 2021 |

## Technical Skills

**Languages & Core:** Python, Java, JavaScript, SQL, DSA, OOP

**AI & Machine Learning:** LLMs, NLP, Prompt Engineering, Agentic Workflows

**Web Development:** React, Node.js, FastAPI, HTML/CSS

**Databases & Tools:** MySQL, MongoDB, VS Code, Git, Vercel, Google Cloud

## Projects

**The Council of Fit (Agentic AI System) |** Python, CrewAI, Gemini API

- Architected an autonomous, multi-agent coaching system using CrewAI to orchestrate complex prompt workflows and handle varied user queries.
- Integrated Google Gemini models to dynamically generate highly personalized workout routines and dietary recommendations based on specific user data.

**AI Script Transliteration |** Python, Gemini API, Prompt Engineering, NLP

- Engineered an AI-powered tool that accurately converts Kannada lyrics written phonetically in Marathi script directly into native Kannada text.

**Sudoku Samurai – Interactive Sudoku Solver |** React.js, FastAPI, Python, JavaScript.

- Engineered a high-performance solving engine using backtracking algorithms to instantly compute solutions for dynamic grid sizes (up to 9x9).
- Designed a responsive React frontend with an interactive "Guided Mode" that breaks down the algorithmic solving process step-by-step for the user.

**Medi-Scribe (AI Prescription Analyzer) |** Python, OCR, AI Models

- Built an AI-powered application to analyze and digitize medical prescriptions.

---

## Internship/ Training

Code Alpha – Intern | Dec 2024 – Jan 2025

- Improved data operations by engineering file handling system and a custom chatbot using Python.
- Implemented core data structures to optimize performance.

---

## Achievements

- **Hackathon Finalist:** Ranked 11th out of 284 teams (Top 4%) at the Innov-AI-tion Hackathon (IIT Hyderabad), securing a top position among peer competitors.
- **Winner:** Global Carnival, 2024.
- **Google Cloud Excellence:** Achieved "Google Cloud Legend 2025 C1" status and actively engaged in Google Cloud Gen AI Study Jams and the Google Arcade Facilitator Program.

---

## Certificates

- **The Joy of Computing using Python** – NPTEL (Silver Elite Medal, 83%)
- **Java Programming Certification** – Infosys Springboard

---

## Extracurricular & Leadership

- **Cloud Lead, Google Developer Groups (GDG) On Campus NKOCET:** Spearheading cloud computing initiatives, guiding students through Google Cloud technologies, and facilitating technical workshops.
- **Core Member, Programming Club (AIASA NKOCET):** Actively collaborating with peers on coding challenges, technical events, and software development projects

---

## Languages

Kannada, English, Hindi, Marathi
